

Thabhiram Majhi, Sunamudi

A successful farmer

Nutri Garden Program under APF supported Adivasi Project

Thabhiram Majhi, village- Sunamudi, Po- Boir Gaon, Block- Boden, and Dist- Nuapada. He is a poor marginalized farmer. He earns his livelihood mostly by vegetable farming. “YAR” (Youth for Action and Research) supported him for Nutri Garden. Necessary help and training were provided.

At first, he was reluctant about the concept but because of the patience and perseverance of the team members of “YAR” he agreed to take the endeavor.

“YAR” arranged training and provided him plants, seeds and other manures. He worked hard and grown varieties of vegetables in his own patch of land. Their (his and his family members) food habits have changed. Freshly grown vegetables now part of their diet. Not only family members but also relatives and friends also getting benefit from the garden. Also, this helping him financially because he can able to sale vegetables in the local market after consumption. He is generating fair profit his income capacity increased.

“YAR” team helped him in every step and encouraged him. Now others also are taking interest in farming when they came to know about his success.
